

2011 CFSA Race Committee Requirements

The Keel Boat Racing Program at CFSA is organized by the Fleet Captain and/or Racing Class Captain. Race Committee (RC) duty is conducted by the racers. We do not have paid or "professional" RC.

Although it is the aim that every skipper will do their share by doing RC duty as outlined below, it is recognized that some skippers may not have sufficient Race Management experience, to perform RC on their own. These skippers should arrange to partner with a more experienced, qualified RC team. Race Management courses are held from time to time, and all skippers are strongly encouraged to attend. Anyone interested, should send me an email.

Per March 2009 Keel Boat Sailing Instructions, below is the Fleet Captain and Keel Boat Racing Class Captain's Race Committee (RC) recommendations for 2011 Race Committee requirements.

1. All qualified Division 1 and Division 2 skippers are required to sign up for two RC duties. (see also 2. below)
2. Division 3 skippers, and novice Division 1 and Division 2 skippers are required to assist for two RC duties.
3. For Series Races, two boats jointly performing RC may each receive their RC Average. For Long Distance races, only one boat performing RC will receive their RC Average.
4. Additional RC may be required should there be insufficient boats to cover the racing schedule.
5. Should RC duty not be completed because of cancellation of a race, the skippers should sign up for another duty if roster spots are vacant. If there are no vacant roster spots, their names will be maintained on a "standby" list should a vacancy occur.
6. A list of club members who have indicated on their membership renewal forms that they are willing to assist with RC will be posted shortly. Skippers are encouraged to contact these members. Please remember these members **may** hold the qualifications required to run the Club's runabouts, **may** have past RC experience, or may have just volunteered as they are willing to assist and learn. Do not assume that they are fully qualified RC.

Pauline Haines
CFSA Keel Boat Racing Class Captain

Glen Shippam
Fleet Captain
